

The IB Diploma Programme

”...a better world through education”

Göteborgs
Stad

The IB Programme at Hvitfeldtska gymnasiet

- Krista Baker, principal
- James Du Priest, IB-coordinator
- Maria Einarsson, Jennie Brink Mattsson career counsellors
- Ingrid White Åshammar, international university applications support
- Karin Hammarskjöld Gimbringer, nurse
- Lina Groth, counsellor
- Marie Hamlin, special education needs teacher
- Maria Sommer, administrator

The IB21 Mentors

IB21A

- Emma Lundgren
- David McIntyre

IB21B

- Kerstin Jannerberg
- Nicolas Jonchere

International university applications

More information will be given in January. An overview of the process is available in the students' online "Career Counselor Classroom."

For now, the best preparation is to study - and seek out positions of responsibility in extra-curricular activities.

Students who know they will apply to US colleges and universities should start preparing for the SAT/ACT entrance tests.

More info at www.collegeboard.com / www.act.org

University applications in Sweden

Detailed information will be given week 45 to grade 10 students. (Career plans, future studies, etc.)

Some Undergraduate programs offered in English, but most require Swedish proficiency, proven by either:

- Swedish A in IB Diploma
 - TISUS test
- or
- Additional study at Komvux or Folkhögskola

The IB Programme at Hvitfeldtska gymnasiet

- One of ~30 Diploma schools in Sweden
- Multi-cultural student body
- More than 33 years of experience
- Average student score above world average for 31 years

Key features of the IB Programme

- A detailed syllabus for each subject
- Grades are determined both internally and externally
- Creativity, Activity, Service (CAS) involving students in the community
- Theory of Knowledge fostering critical thinking skills
- Extended Essay for in-depth research
- Examination fee, ~6 000kr , year 3.

IB learner profile

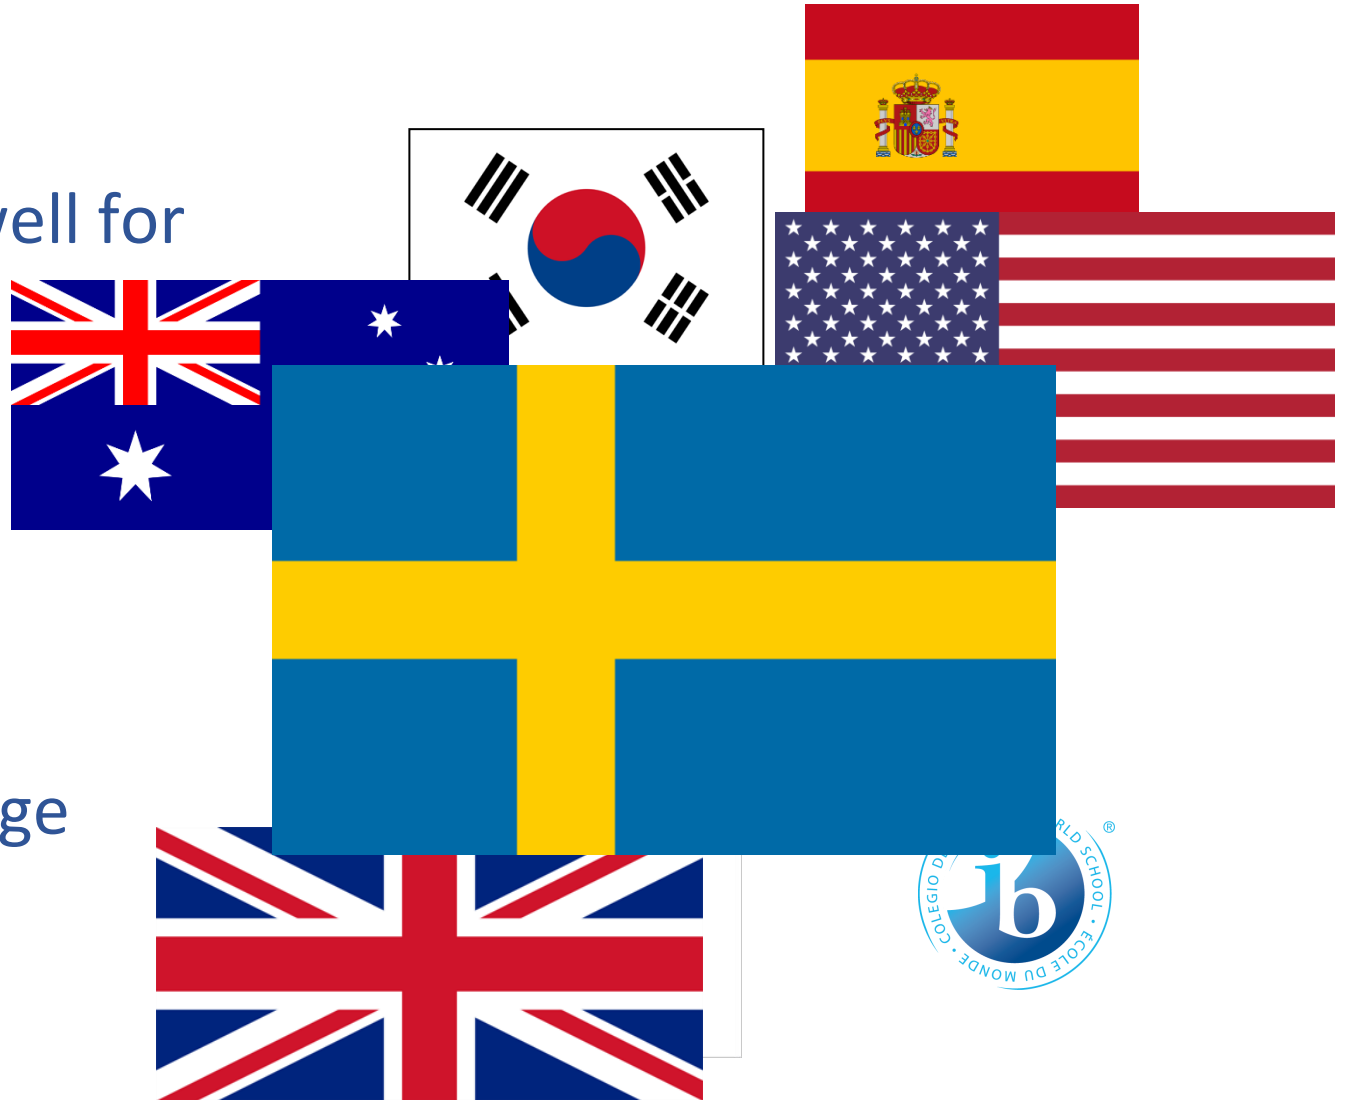

- The IB learner profile is the IB mission statement translated into a set of learning outcomes for the 21st century
- As IB learners we strive to be:
 - inquirers
 - knowledgeable
 - thinkers
 - communicators
 - principled
 - open-minded
 - caring
 - courageous
 - balanced
 - reflective

And...

...it prepares you well for
what is to come at
University:

- Language skills
- Study skills
- Content knowledge

How hard is the IB then?

High-school takes more effort than Middle-school (grade 7-9), the IB is more challenging than most other programmes – but the difference is smaller than IB-students tend to think...

- 40 hour work-week
- 25 hours of classes + 15 hours of structured study = Good academic standing

BUT!!!

1. This means all weeks, not just the ones when there are big tests and assignments. Reading ahead helps!
2. High ambitions = more than 40 hrs/week. Getting into competitive Universities is extremely challenging.

4 necessary elements for successful study:

1. Eating well
2. Sleeping enough
3. Exercise
4. A calendar (test-schedule in Hjärntorget, but smaller assignments happen every week)

Parents are important – as providers and role-models.

Follow from a safe distance – help keeping a balance.

...but if I can't?

During the Corona pandemic, students might be forced to stay home in order to prevent spread of disease. If you are having symptoms like runny nose, fever, coughing, you should not come to school and contact health care to maybe get tested for Covid-19.

If this happens, the best is that the student contacts all teachers (not just the mentor) via PIM to inform.

...but if I can't?

Teachers are doing their best to make it possible to work from home if students need to be away for a longer period of time, either by broadcasting through Google Meet or by sending materials after classes. However, doing online and in person for the teacher is even too much for great teachers.

It is always a good idea to also ask your classmates about homework and other information!

Math requirements for year 2-3

There are 2 tracks in DP Mathematics, both at Standard- or Higher Level:

- Applications and Interpretations (AI)
- Analysis and Approaches (AA)

Pre-DP Math requirements:

Math AI SL (minimum E from Math 2c)

Math AI HL (minimum C)

Math AA SL (minimum D)

Math AA HL (minimum B)

- Ask your Math teacher for advice

IB21, Pre-Diploma year, Grade 10

All courses completed after 1 year, except Mathematics (first grade after one semester)

Grades in History 1b, English 5, Swedish 1, Math 2b, c, Physical Education, Natural Science 1b, Civics.

3rd language mandatory – but limits to what the school can offer.

Grades in all subjects – will not be part of IB Diploma, but will add value to it

Web platforms in the IB at Hvitfeldtska

All students allowed to borrow a Chromebook from the school. Get to keep the device if well-kept for 3 years.

Parents can also access the platforms:

- Hjärntorget
- ManageBac (Only in 2nd and 3rd year)
- Besides Hjärntorget, students also use Google Sites For Education

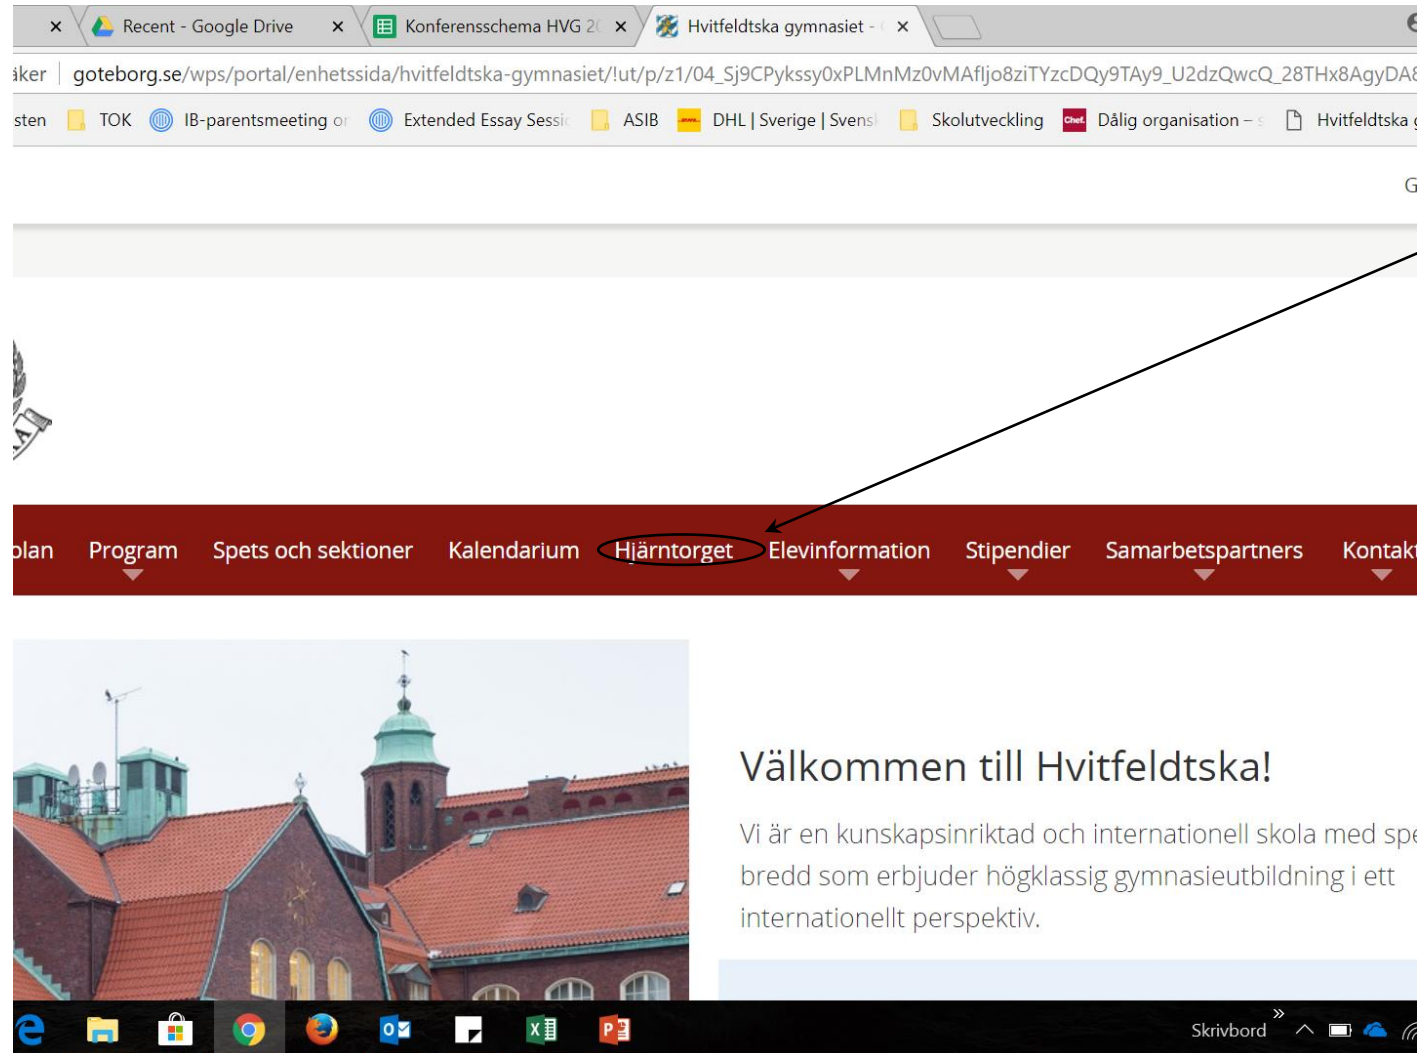

Reporting of absence

- Hjärntorget for parents.
- Instructions in the school-brochure (given out at school-start).
- Login and password
