## Welcome to Center for Language Introduction!

If you are between 16 and 20 years of age and new in Sweden, this is where you begin your studies. Your studies last from one to two years depending on your previous education.

In this school you learn Swedish as well as get acquainted with how

Swedish society works. Our mission is to lay the foundation for further

studies in Sweden.

Except studying the Swedish language you will attend other classes, such as Social science, English, Arts, Mathematics and Physical education. Day time excursions are also parts of your education.

Once you have enrolled in school you will receive a bus pass, a lunch pass, a computer and school books. If you lose your bus pass or lunch pass you must pay a fee in order to get a new one. The school office will help you.

The computer is to be used for school work. Once you end your education here you must hand it in. You must also return your school books.

### Your mentor

☐ Your most important contact in school is your mentor. He or she is responsible for planning your education as well as follow up your progress. If you become ill and unable to attend school your guardian must contact your mentor. If you are 18 years of age or older you are responsible for letting your mentor know. If your illness lasts for more than a week you must be able to show your mentor a medical certificate.

### What we expect from you

School is to be regarded as work. It is important to be on time and do

what is required of you. We expect you to work hard and always do your best.

We expect you to be nice to your fellow students and teachers.

We expect you to obey the school rules.

### WORK HARD, BE NICE

*This is our school motto. We always do our best and we are nice to each other.*

### SCHOOL RULES

☐ We are always on time.

☐ We show fellowship. We care about each other and help each other.

☐ We put up chairs and tidy our desks when class is over.

☐ We keep track of our books and computers and take good care of them.

☐ We only use our smart phones if the teacher approves of it

☐ The teacher is allowed to seize phones, computers or other

objects which are used in a manner that interrupts class.

☐ In event of threats, violence, drugs or destruction school will contact the police.
