- (i) the offered quotation, or
- (ii) the arithmetic mean (rounded if necessary to the nearest 0.00001, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page at 11.00 a.m. Stockholm time on the Interest Determination Date in question plus the Margin, all as determined by the Agent. If five or more offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

If the Relevant Screen Page is not available or if in the case of 15(1)(i) above, no such offered quotation appears or, in the case of 15(1)(ii) above, fewer than three such offered quotations appear, in each case as at 11.00 a.m. Stockholm time, the Agent shall request each of four major banks in the Stockholm inter-bank market (the "SEK Reference Banks") to provide the Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately 11.00 a.m. Stockholm time on the Interest Determination Date in question. If two or more of the SEK Reference Banks provide the Agent with offered quotations, the Rate of Interest for the Interest Period shall be the arithmetic mean (rounded if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the offered quotations plus the Margin, all as determined by the Agent.

If on any Interest Determination Date one only or none of the SEK Reference Banks provides the Agent with an offered quotation as provided in the preceding section, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being the arithmetic mean (rounded if necessary to the fifth decimal place, with 0.000005

being rounded upwards) of the rates, as communicated to (and at the request of) the Agent by the SEK Reference Banks or any two or more of them, at which such banks were offered at approximately at 11.00 a.m. Stockholm time on the relevant Interest Determination Date, deposits in SEK for a period equal to that which would have been used for the Reference Rate by leading banks in the Stockholm inter-bank market plus the Margin or, if fewer than two of the SEK Reference

Banks provide the Agent with offered rates, the offered rate for deposits in SEK for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in SEK for a period equal to that which would have been used for the Reference Rate, at which, at approximately 11.00 a.m. Stockholm time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Agent it is quoting to leading banks in the Stockholm inter-bank market plus the Margin, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph 15, the Rate of Interest shall be determined as at the last preceding Interest Determination Date.
