Electives			200
Diploma Project			100
Sum	800	875	825

With reservation to possible changes in the study plan.

*These courses are humanistisk samhällsfördjupning.

If you have a love for English - the language and its literature, and if you thrive learning about international issues, this is truly the programme for you! Not only will you get the solid foundation that the Global Studies programme gives you, but you will also be offered an accelerated pace of learning during the subjects of English 1 and 2 along with an array of in-depth subjects in rhetorical skills, academic writing, literature and linguistics. In addition, in collaboration with The University of Gothenburg, you will study two 7.5 point university courses during years 2 & 3.

Students who want to study the Social Science/ Global Studies Programme Enriched will be asked to take an entrance exam during the spring which tests your level of English vocabulary, reading comprehension and writing skills. The results of the exam will then be combined with previous grades earned and evaluated together. Please note that applicants must meet the general requirements for entry into the Swedish Gymnasieskola in order to be accepted into the programme.

In combination with elective subjects (individuella val), you have the option to deepen or broaden your studies with subjects like International Relations, Entrepreneurship, Sociology, Mathematics 3b, International Economy, Science 2, Programming 1, Art, Ensemble music, and Modern Languages.

The International High School is a small school owned by the municipality, situated in the heart of Gothenburg. We strive to educate young, independent and knowledgeable world citizens, who aim to continue their academic studies and/or professional careers internationally. Knowledge, academic integrity, and critical thinking are highly regarded at The International High School.

Truly international. Truly inclusive. Truly prepared.
