**Support for parents whose children have been placed
in foster care**

Welcome to Stella!

As a parent you are an important person in the life of your child. At Stella you can talk about your experiences and receive advice and support regarding questions concerning the placement of your child.

The duration of your contact with us is completely up to you. The service is confidential and

free of charge. We take no notes and do not document your visits.

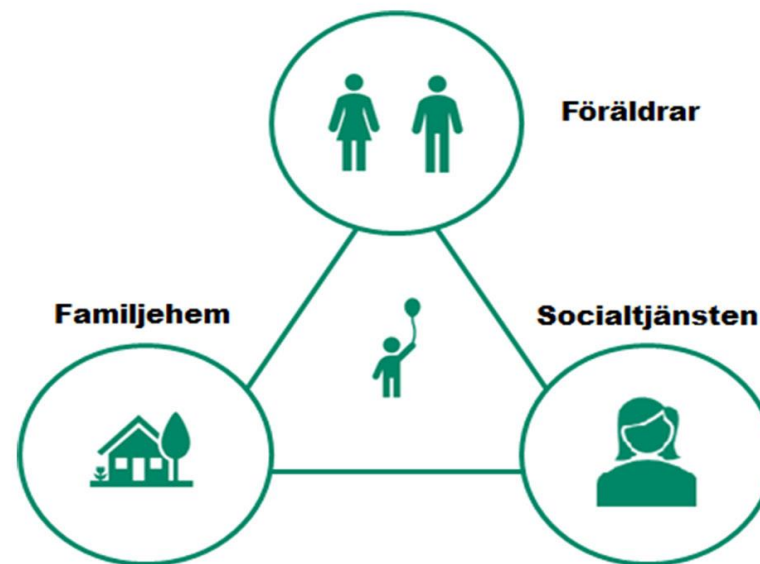

We who work at Stella have a broad range of experience from many different areas of social service.

At Stella you can:

- ✚ Talk about your feelings and experiences.
- ✚ Prepare for meetings concerning your child, such as with your child's social worker. We can even accompany you to these meetings in a support capacity.
- ✚ Maintain contact with your child, your child's foster home or housing facility, and others.
- ✚ Help you read through and understand assessments written by your child's social worker and other documents concerning your child.

Stella is meant to support you as a parent.

We listen and guide you, are neutral in our relations to everyone involved in your case and do not speak for anyone.
